Invitation to the Eastern Cape Health Consultation

You are invited to a consultation to discuss the crisis of health systems in the Eastern Cape Health. This includes:

- **Staff shortages**
- **Drug stock-outs**
- **The absence of basic medical equipment and machinery**
- **Deteriorating clinic and hospital infrastructure**

The crisis is a violation of your constitutional rights.

If you are a user of the health system or a health care worker we want to know:

- How do the problems in EC health affect you?
- What do you think are the causes of the problems in EC health?
- What do the problems in EC health mean for service delivery?
- What do you think needs to happen to solve the crisis?

Let your voice be heard. We want to hear your story.

After the consultations we will try and find ways to engage with government to **urgently fix the health crisis** in the Eastern Cape.

We are holding two consultations:
