

STOP THE SUFFERING MAKE YOUR MARK, MARCH FOR HEALTH

- We are tired of not getting the medicines we need
- We are tired of clinics without staff and equipment
- We are tired of corruption and mismanagement
- We are tired of a broken health system
- We have a right to health

Everyone has a right to health: the old, the poor, the rural, the young, expectant mothers, people with disabilities... everyone!

We have all had enough! Patients, community members, health care workers and activists are coming together to demand change.

March with us from the Bisho Stadium at 11am on 13 Sep 2013
